## Profile

I am Miguel Ángel Paz Velázquez, an experienced full stack developer with an unwavering passion for creating innovative and efficient digital solutions. With years of experience in the field, I have demonstrated my ability to design, develop, and implement high-quality applications that meet the highest standards of performance and usability.

## Education

**Computer Sciences** Jan 2021 - Jan 2024  
International Polytechnic University, Costa Rica, Heredia

I am a dedicated and aspiring Computer Engineering student with a strong passion for technology and innovation. Throughout my academic journey, I have been deeply immersed in the world of computer science, honing my skills and knowledge in various disciplines.

**Full Stack Web Developer** Mar 2022 - Feb 2023  
Soy Henry, Argentina, Buenos Aires

I am an enthusiastic developer with a comprehensive education obtained from the intensive bootcamp "Soy Henry." During this immersive program, I have acquired skills in both frontend and backend development, providing me with a holistic understanding of the web application creation process.

## Employment

**Full Stack Developer** Mar 2023 - Present  
Nexitus, Costa Rica, San Jose

In my current role as a Full Stack Developer, I am responsible for contributing to the design, development, and implementation of cutting-edge software solutions. Working in a collaborative and dynamic team, I play a vital role in creating innovative web applications that meet the unique needs of our clients.

**Back end Developer** Apr 2022 - Mar 2023  
Devlux, Maracaibo, Venezuela

As a Backend Developer at Devlux, I had the exciting opportunity to work remotely and contribute to the development of sophisticated software solutions. Specializing in backend technologies, my role revolved around designing, implementing, and maintaining the server-side logic that powered various web applications.
